ART D'ARNOULD

FRENCH FINE ART

THE MEETING OF CRAFTSMANSHIP AND CUTTING-EDGE TECHNOLOGY.

PONT-EN-ROYANS, AT THE FOOT OF THE FRENCH ALPS, IS WHERE OUR ARNOULD TEAMS HAVE BEEN PERPETUATING THE SKILLS OF ANCESTRAL CRAFTSMANSHIP FOR A HUNDRED YEARS. DEDICATED TO CRAFTING METAL FOR ELECTRICAL DEVICES, THIS PROFICIENCY IS ELEVATED TO ART STATUS BY THE USE OF PRECIOUS METALS, PATINAS, POLISHING AND ENGRAVING. TODAY, IT PROVIDES A LUXURIOUS SETTING FOR CONTEMPORARY ELECTRICAL INSTALLATIONS AND ADVANCED TECHNOLOGY.

Enter a world of Art

AND **FRENCH SOPHISTICATION** WHICH HAS FOR CENTURIES
CULTIVATED A TASTE FOR THE ART OF LIVING AND BEAUTIFUL
SURROUNDINGS.

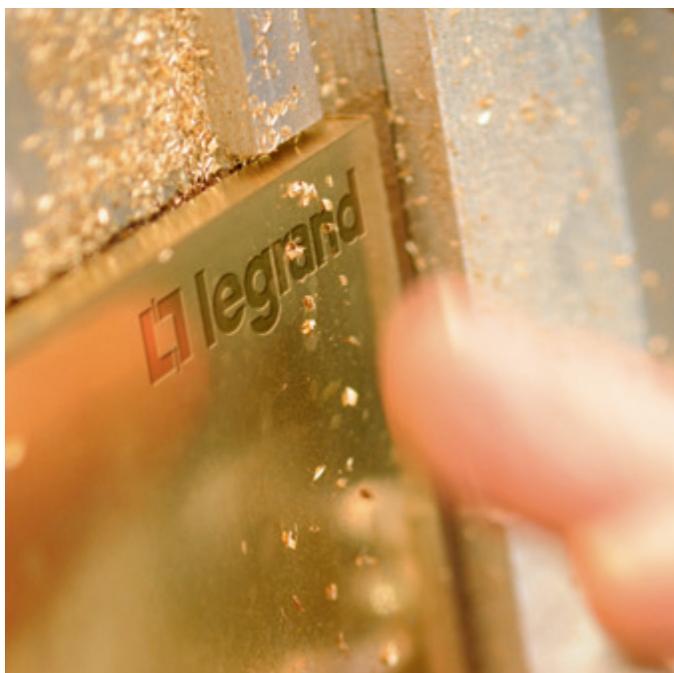

Art and technology

These exquisite devices are compatible with the most innovative and reliable technologies. A rare combination that Legrand strives to preserve and nurture for highly refined interiors.

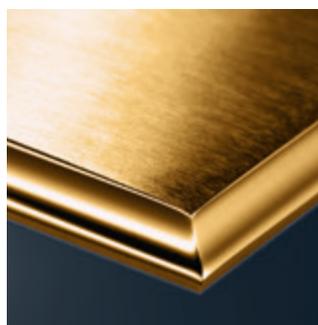

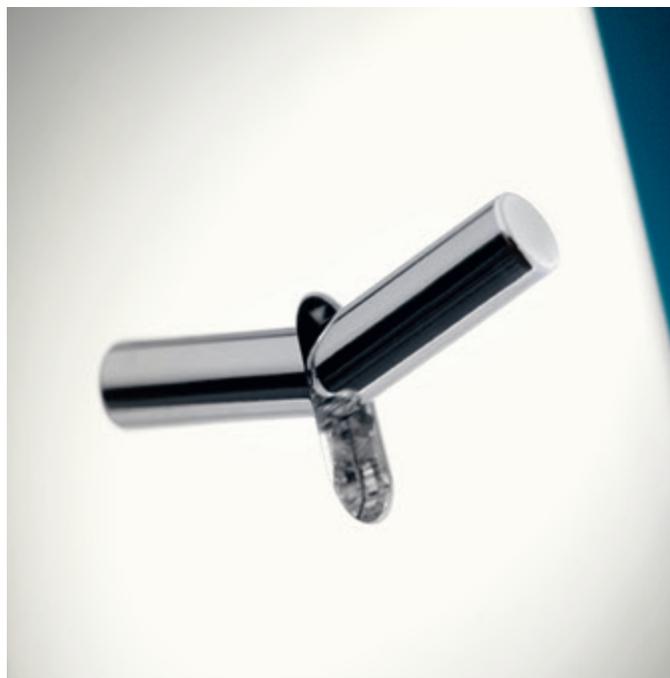

Artists at work

The passion of highly exacting craftsmanship is passed down through generations, preserving heritage while drawing inspiration from contemporary trends.

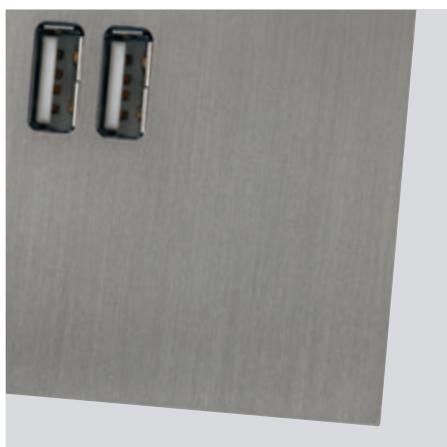

Infinite

POSSIBILITIES

A TALENT FOR COMPOSITION

Customise your wiring accessories from among a wealth of design features. Levers, chamfers, materials, shapes and functions form a rich variety from which to compose precisely the devices that will blend in perfectly with your interior's purpose and character.

Legrand experts will readily assist you to ensure the technical compatibility of your selection.

THE CATALOGUE SELECTION

Art d'Arnould also offers a selection of must-have wiring accessories on catalogue in the Épure and Mémoire style collections. An array of functions, finishes and designs providing an immediate access to the world of Art d'Arnould.

THE ULTIMATE IN BESPOKE TAILORING

If your project calls for exceptional requirements, in terms of technology, home automation or a unique design, the tailored approach of Art d'Arnould creates infinite possibilities to meet your every expectation. The Legrand design experts are ready to craft unique equipment to suit your project requirements.

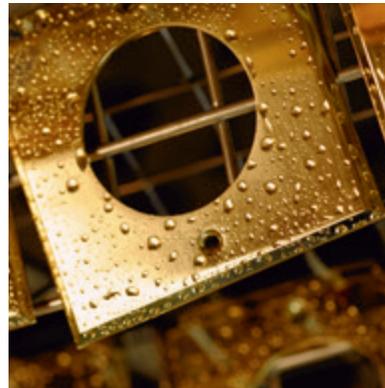

Textured

SUBSTANCE

METAL CRAFTSMANSHIP

Art d'Arnould gives architects and interior decorators an opportunity to use metal to mould, design and shape spaces much as a sculptor would, thanks to the infinite possibilities that such precious and resistant materials can offer.

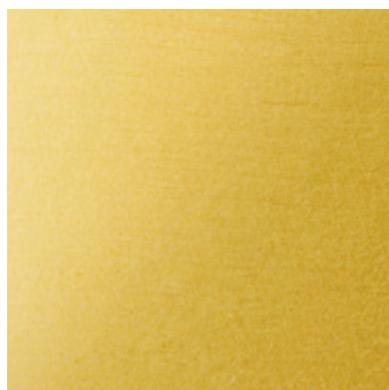

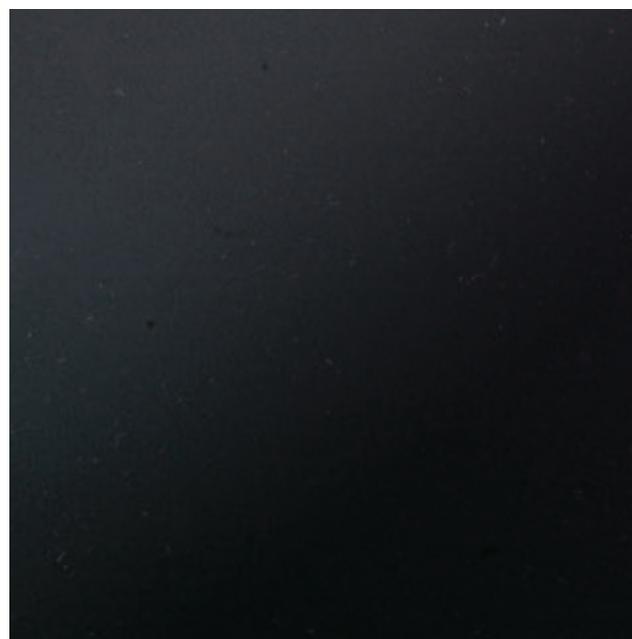

CRAFTED SURFACES

With Art d'Arnould, metal takes on many styles: a mirror polish reflecting its environment, a finely engraved or brushed finish shaping the light, or perhaps a satin touch creating a warm atmosphere.

Gold leaf and palladium leaf finishes will sublimate even the most demanding interior.

THE ESSENTIALS

With metal in a timeless matt black or satin white finish you can never go wrong.

THE ETERNITY OF TIME PAST

Evoking the creations of foundry artisans, a sublime patina enhances the most original finishes to convey the passing of time.

Corten® steel, hammered steel or bronze imbue interiors with a unique atmosphere.

MÉMOIRE

Bringing history to life

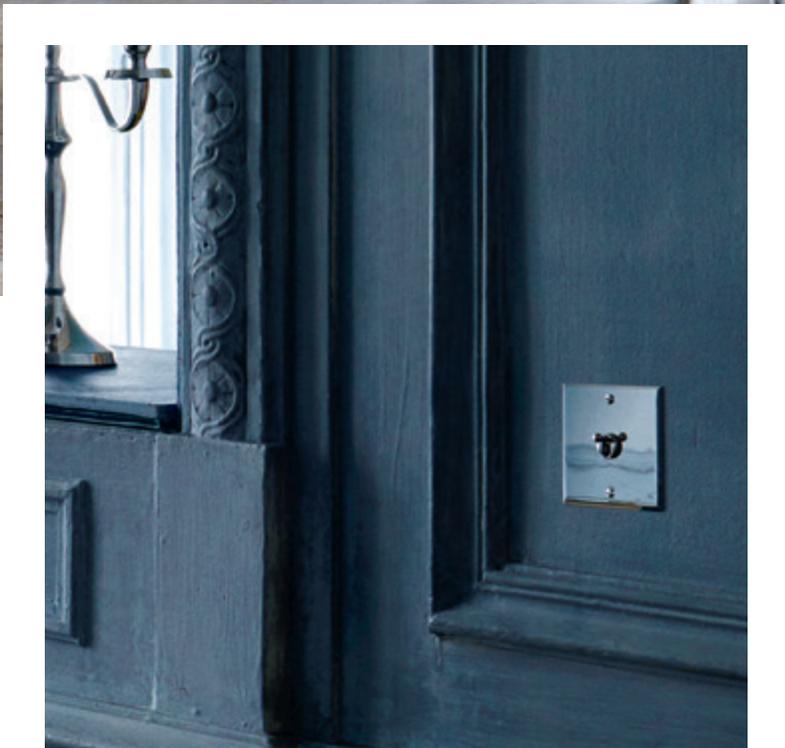

WHETHER MIRRORED, BRUSHED OR SATIN, **MÉMOIRE** STYLE DEVICES STAND OUT DUE TO **THEIR DECORATIVE DETAILS:** TEARDROP TOGGLE, CHAMFERS, VISIBLE SCREW HEADS, ROUND BUTTONS WITH KNURLED BEZELS.

Mémoire draws inspiration from the past to ensure its lasting presence. It blends harmoniously with the very finest in cabinet-making, soft furnishings, glass and crystal ware.

ÉPURE

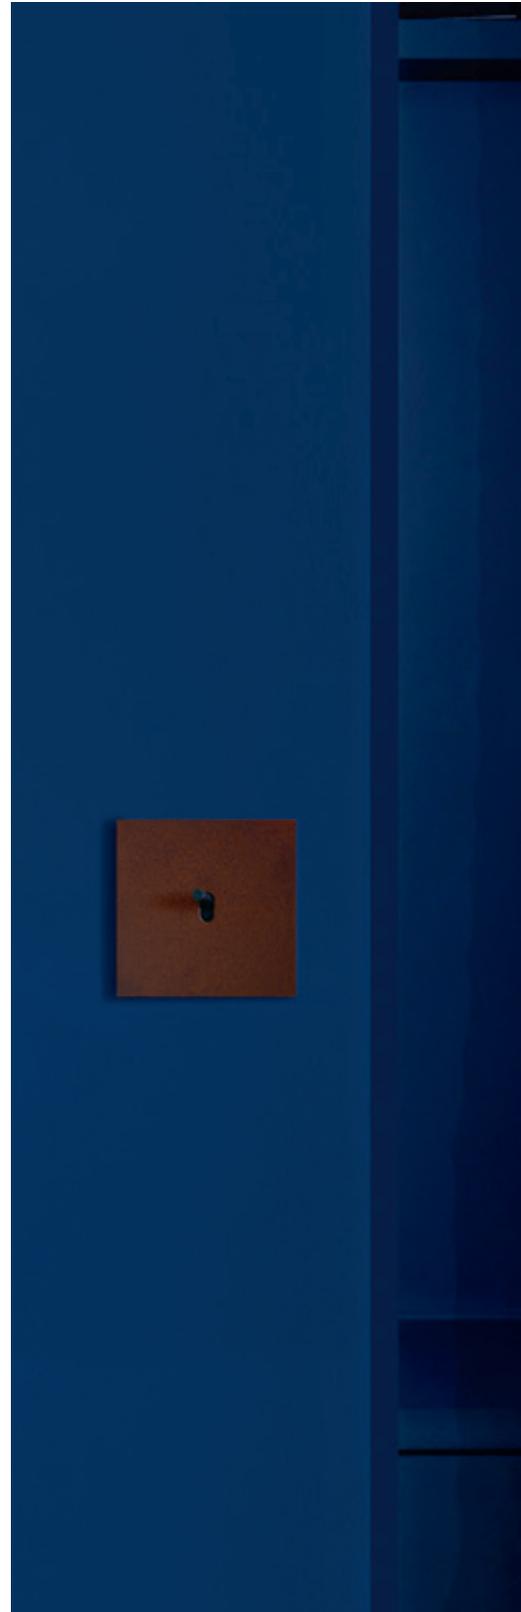

Embodying the essence of composition

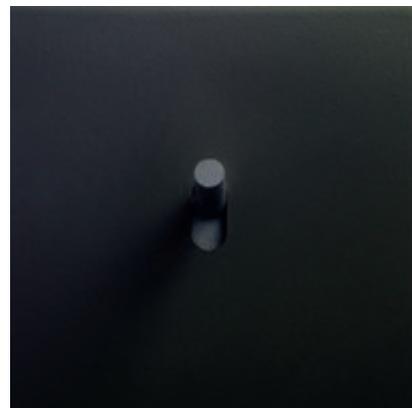

THE **ÉPURE** STYLE COMPRISES CRISP LINES FOR CLEAN SPACES. A SLEEK DESIGN WITH CLEAR-CUT EDGES, RIGHT ANGLES, AND ELEGANTLY SIMPLE LEVERS IS IDEAL FOR

**MINIMALIST INTERIORS WITH
AN ASSERTIVE TOUCH.**

Resolutely contemporary, the Épure style can play with colour for added contrast, or conversely, blend into its surroundings.

In the most minimalist spaces,
Épure provides an architectural
finishing touch to underscore a perfectly
balanced interior.

Its finishes ideally complement
a pure white decor.

FUSION

Transcending aesthetic boundaries

INFINITELY VERSATILE, THE FUSION STYLE

COMBINES FLAT OR GROOVED CHAMFERS, LONG LEVERS OR FLANGED BUTTONS, AND CAN ALSO DRESS UP IN BRAIDED OR SOBERLY ORNATE ENGRAVINGS.

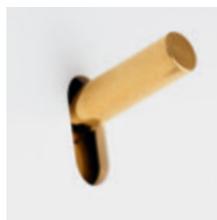

Interiors with a subtle balance between classic inspiration, a taste for travel and modern decor, require bold lines which are able to transcend style and period.

RÉTRO

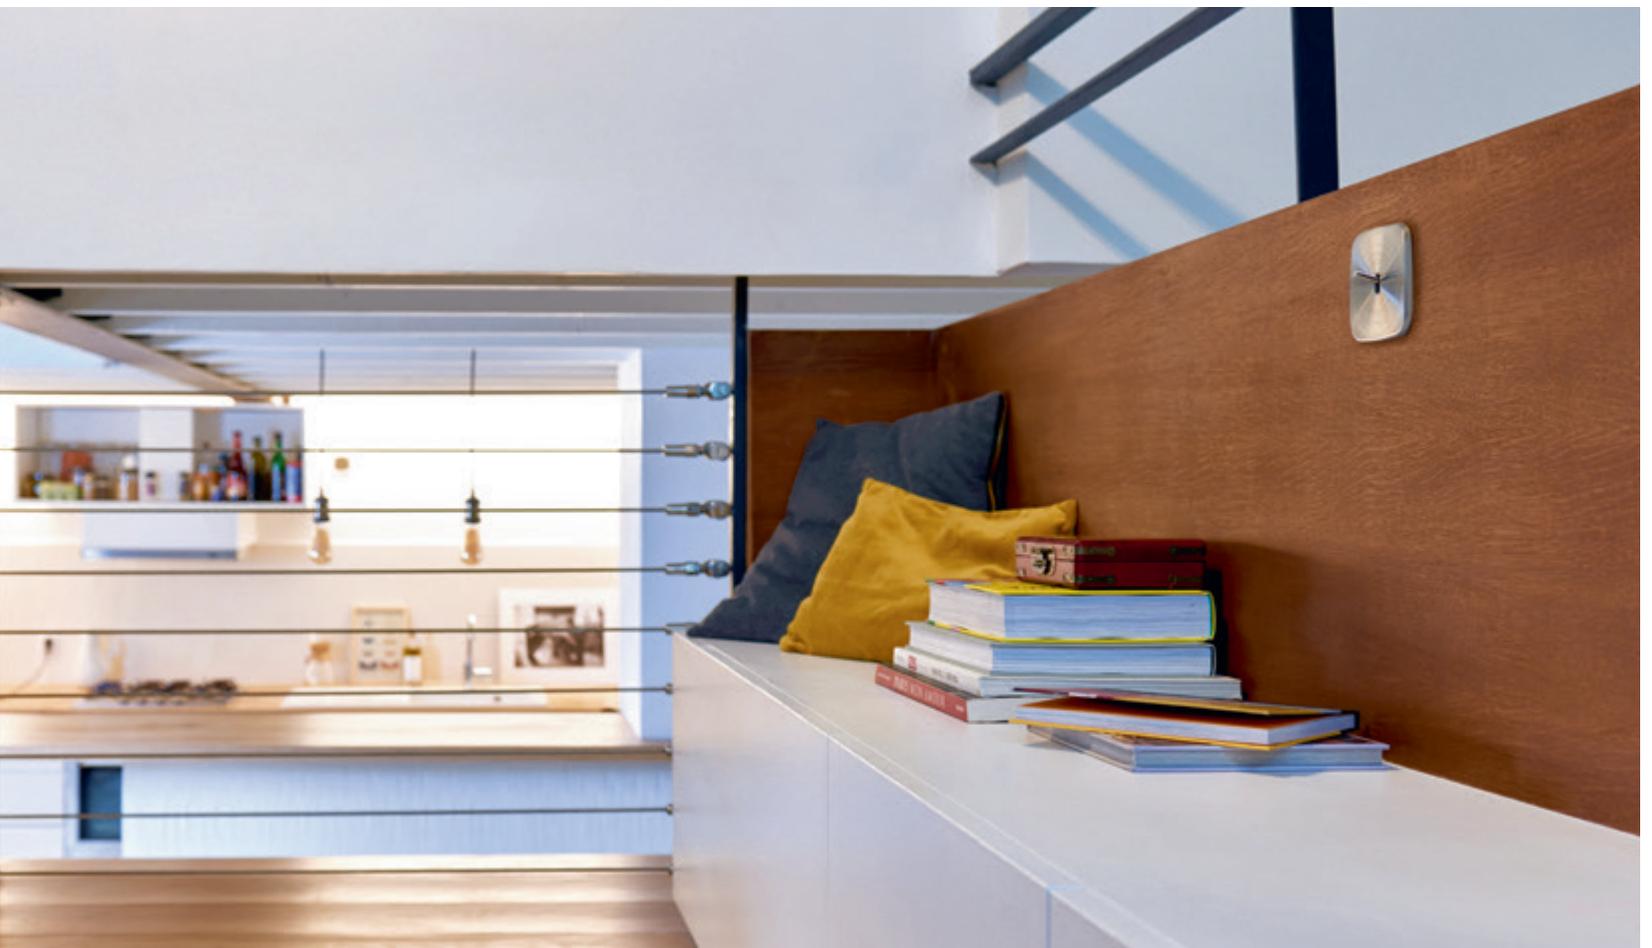

Echoing the origins of contemporary design

A BOLD DESIGN THAT COMBINES
CONTEMPORARY AND VINTAGE WITH ITS
THICK PLATES AND ROUNDED EDGES,
RÉTRO IS IN HARMONY WITH THE ICONIC
DESIGN CODES OF THE 20TH CENTURY.

The 21st century gladly indulges in evoking the previous century's design trends. The combination of metal with softer lines creates interiors with an authentic, yet timeless quality.

A wealth

OF SHAPES

UNIQUELY DIVERSE FORMATS

Art d'Arnould offers a wide range of wiring accessory formats: small or large, square or rectangle, round or medallion-shaped, with multigang plates adding yet further to this diversity of shapes. Their elegance and refinement will adapt to every interior.

DESIGN SPELLS ATMOSPHERE

Designing interiors means working with space and lighting in a way that will create warm and intimate atmospheres.

With Art d'Arnould presence detectors, dimmers or motorised blind controls, enjoy the wealth of electric device functionalities to the full.

**MEETING
ESSENTIAL NEEDS**

Art d'Arnould features can include visual cues for dark or dimly lit spaces.

Must-have

FEATURES

DATA AND TV

Access to multiple forms of data signals (audio, video, etc.) has become an essential customer requirement. Art d'Arnould meets these needs and caters to all types of data transmission standards.

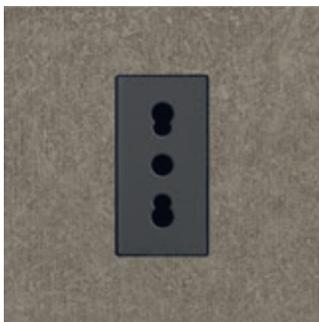

MEETING ALL STANDARDS

Offering a wide variety of international⁽¹⁾ standards, Art d'Arnould is suitable for equipping projects all over the world.

French/Belgian ▲

Italian ▲

USB Type-C / Type-C ▲

USB Type-A / Type-C ▲

**MUST-HAVE FEATURES
TO CHARGE MOBILE DEVICES**

Now a must in modern installations, USB chargers (Type-A or C) are embellished by the decorative finishes of this range.

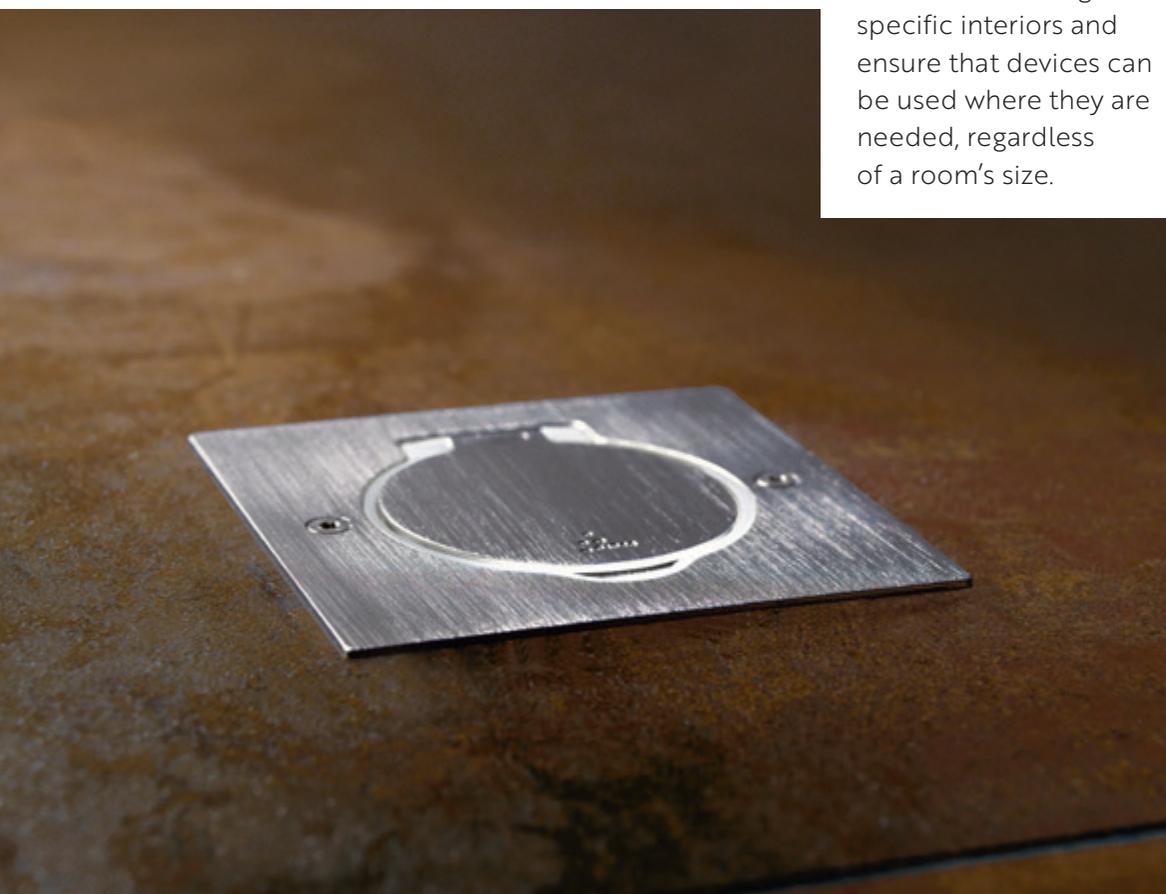

Connection

FEATURES

FLOOR SOCKETS

Art d'Arnould also includes floor sockets to match the design of specific interiors and ensure that devices can be used where they are needed, regardless of a room's size.

Lighting

FEATURES

READING LIGHTS

Art d'Arnould offers reading lights for all types of environments and uses, with adaptable configurations to ensure convenient access from either side. Available in combination with USB mobile device charging features, they come in the various Art d'Arnould finishes for a perfect match with surrounding decorative choices.

**WALL LAMPS**

Art d'Arnould wall lamps afford ambiance options through LEDs whose light is at just the desired temperature, cool or warm.

In order to offer prestige hotel guests a unique experience, Art d'Arnould installations interface with the UX for Upscale Hotels range of controllers.

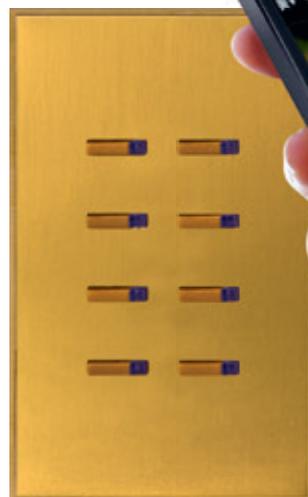

Technological

FEATURES

Art d'Arnould seamlessly interfaces with cutting edge technology protocols to convey home automation functions such as door controls or room lighting scenarios, not to mention smartphone remote control.

In addition, Art d'Arnould offers extra low-voltage push-buttons for control of third-party technology.

Bespoke

TO SUIT YOUR EVERY NEED
